

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 1.

MARYVILLE, MISSOURI, THURSDAY, OCTOBER 13, 1910.

NO. 112.

TO RE-BUILD SCHOOL

STANBERRY HAS RAISED \$15,000
FOR NEW NORMAL.

TRIED SEVERAL TIMES

To Revive School There Since It
Burned Down a Few
Years Ago.

According to the Stanberry Owl-Headlight, we find that Stanberry has \$15,000 raised for the rebuilding of the old Stanberry Normal. Prof. John E. Fesler of Morgantown, Ind., is the promoter of the proposition and in this week's Stanberry paper, he had the following to say to the citizens of that town.

"About twenty-nine years ago I moved to Stanberry and lived among you for many years and should have never moved away. I did all I could to aid you to secure the State Normal and you deserved it, for you had educated the teachers of Northwest Missouri for a quarter of a century, saving the state a million dollars and if the school had been located here it would have flourished, as it has not done where it is, and its success here would have injured no other town. Many believed the location of the schools in both Northwest and Southwest Missouri was decreed when the bill was passed. We want to see Stanberry have her just dues, viz. either a branch of the State Agricultural school or a good private school. We have kept agitating the matter since the school burned five years ago and we are promised the co-operation of other parts of the state provided the good people of Stanberry and vicinity will once more show their devotion to the cause of education by subscribing to a company to rebuild and equip the plant in an up-to-date manner. If we cannot get the state institution then we agree to see that you have a good private school as heretofore with an agricultural department. About fifteen thousand dollars have been conditionally promised and we believe by a united vigorous continued effort the money can be raised. Stanberry has a great reputation as a school city—the old students love her and will work for her."

TO SPEAK ON STATE WIDE PROHIBITION

Rev. C. H. John will deliver an address on state wide prohibition at Graham on next Sunday at 11 a. m. and also one at Swann chapel at 3 o'clock in the afternoon. No matter which side of the question you are on, go and hear what he has to say.

New Doctors Certified.

Jefferson City, Mo., Oct. 12.—Dr. Frank B. Hiller, secretary of the state board of health, tonight made public the list of successful students who passed the recent examination held by the board in this city, September 29 to 22. Out of a class of fifty-eight examined, thirty-eight passed and will be granted licenses to practice medicine.

Of the successful ones, one is a Burlington Junction man, C. E. Cossins.

Death of a Little Child.

Mr. and Mrs. W. W. Andrews, living three miles southwest of Maryville, were bereaved of their four-weeks-old son Donald Edward, Wednesday afternoon. The funeral services were held at the family home Thursday afternoon at 2 o'clock, by the Rev. W. J. Parvin of the M. E. Church, South. Burial in Oak Hill cemetery.

Has Sailed From the Philippines.

Miss Mariam Huff, who has been teaching in the American School in the Philippines for several years past, sailed September 15 from Manila and is expecting to arrive at her home near Burlington Junction before many days. Miss Huff is an aunt of Mrs. John Porter of this city.

DR. FINN

Treats eyes with glasses only. He can give you 5,000 references in Maryville and Nodaway county. Ask your neighbors about Finn's glasses that make weak eyes strong.

W. B. FINN.

P. J. TOBIN'S BOY BADLY BURNED

The four and one-half-year-old son of Mr. and Mrs. P. J. Tobin, living some four miles north of Maryville was seriously burned Tuesday afternoon from playing with matches. The child was never known to have touched matches before and the parents do not know how the child secured the match or what he was doing when his clothing caught fire. He was out at play when his screams caused them to run out to him. They found him behind a shed in the back yard, his clothing from his waist up in flames. The fire was smothered out and Dr. K. C. Cummins was summoned. The physician found the little patient suffering intensely from bad burns about the waist, chest and arms, and cannot tell as yet how the injuries will terminate. It is thought that the little boy may be able in a day or two to tell how the accident happened. When asked on Tuesday by his parents if he had a match the child replied that he did, but that was all the questioning he could reply to. It is supposed that in striking the match a part of it struck the new flannel waist he wore and at once ignited.

MAKING PLANS FOR A NEW BUILDING

J. W. Ray is having Architect A. A. Searcy drawing plans for a new brick building two stories with basement on the corner lot of Third and Market streets. The size of the new building is 23x100. As soon as the plans are drawn they will be submitted to the contractors here.

Mr. Ray is thinking of having this proposed new building and the one next to it, fixed up for a hotel. In the new building there will be some thirteen rooms and in the other one, probably twenty rooms. Mr. Ray is undecided about building a hotel.

TRUE BILLS AGAINST THEM

Special from the Howland News Bureau:

London, Oct. 12.—The grand jury, which has been investigating the case of Dr. Crippen and Ethel Levene, who are charged with the murder of his wife, Mrs. Belle Crippen, today found true bills against both of them. Dr. Crippen was held for murder and the girl was held as an accessory. Their trial will probably begin next Monday.

The crime with which Dr. Crippen is charged is one of the most atrocious in the world's history and has already gained international prominence. Dr. Crippen and his wife were formerly residents of New York, but about a year ago took up residence in London. Apparently they were much devoted to each other. During the fall Miss Levene, a young woman of French ancestry, was engaged as a private secretary to the doctor. A noticeable attachment sprang up between them and during the early part of the present year Mrs. Crippen disappeared. Repeated inquiries of her friends failed to elicit satisfactory information as to her whereabouts.

Later on Dr. Crippen and Miss Levene fled and a thorough search of the premises vacated disclosed the remains of a person believed to be those of Mrs. Crippen, buried under a floor and most eaten up with lime. The world's best detectives were set to work on the case and the two fugitives were discovered on board a ship bound for Canada and were arrested at the landing. They were taken back to London and a grand jury investigation was begun at once.

PRIZE WINNERS AT KANSAS CITY

The prizes awarded at the American Royal Live Stock Show at Kansas City Wednesday were as follows: In the yearling bull calves, Bellows Bros., fifth on Emmerson. In the Percheron society specials, best mare, any age, bred and owned by exhibitor, J. F. Roelofson, first on Frances; in the best stallion any age, bred and owned by exhibitor, J. F. Roelofson, second on Van Tour, and in the best four animals, get of one sire, bred and owned by exhibitor, Roelofson, first on Phoenix and get.

SUES ELMO PARTIES

OUTCOME OF BANKRUPTCY CASE
AT THAT PLACE.

TO BE HOTLY CONTESTED

The Defendants to Suits Are William
Colter, Frank Schaffer and
the Bank.

Three important suits filed in the circuit clerk's office Thursday afternoon are the outcome of the Colter bankruptcy case of Elmo. The titles of the suits are: Garth trustee of estate of Erasmus Colter bankrupt, against William Colter, and in the other cases the same party is the plaintiff and the defendants are Frank Schaffer and the Farmers Merchants Bank of Elmo.

In the petition it states that Colter was declared a bankrupt in May, and that he entered into a conspiracy with W. Colter for the purpose of hindering and delaying, and defrauding creditors of the bankrupt, and that money, notes, hardware and implements to the value of \$500 were transferred to William Colter, the defendant. That the defendant well knew at the time of the transfer was made, that the bankrupt could not pay his other creditors. That the defendant pretended to be a creditor of Colter and pretended transfer was made for the purpose of paying the liability of the bankrupt to defendant but the plaintiff alleges that transfer was made to William Colter in pursuance to conspiracy. The plaintiff asks for judgment for \$500.

In the case of Frank Schaffer, the petition states that personal property to the value of \$943.32, notes of \$759.84, and accounts of \$192.38, were turned over to the defendant. Judgment in this case is asked by the plaintiff for \$943.32.

The suit against the Farmers Merchants Bank is for \$400, and judgment for that sum is asked for.

In the petition filed, it states that Erasmus Colter was insolvent to the amount of \$5,000, and that the trustee had only been able to find \$800 assets.

Ellis G. Cook is the attorney for the plaintiff in these suits. These cases will come up at the November term of court, and they will be hotly contested.

Mr. and Mrs. T. E. Walker of Council Bluffs, who have been visiting near Barnard with Mrs. Walker's mother, Mrs. Ellen Fannon, were in Maryville Thursday on their way to Bedford to visit before returning home. They were accompanied to Maryville by Mrs. Fannon and daughter, Miss Beulah, and Mrs. Fannon's mother, Mrs. O. P. Charles of Arkoe.

Carl Wray of Guilford was in town Thursday.

News of Society and Women's Clubs

XXth Century Club.

The Twentieth Century Club meeting at the Elks Club Tuesday afternoon is regarded by the members as the best session the club has yet held. It was the general meeting of the club, which is to be held once a month, when the Shakespearean and Tourist divisions will take up the study of elvics the coming year. "Woman in Civic Affairs" was the topic of Tuesday's study. Mrs. Will Wallis Jr., first, gave an interesting report of the district meeting held in Albany last week; then Mrs. Berpe Harris, Miss Martha Reid and Miss Allie Bell were voted into the membership of the club.

"My Pet Hobby" were the responses at roll call, and were interesting. Some had to confess they didn't have one, while others confessed to hobbies of a clean back yard, an attractive lawn, children, housework, domestic science, fresh air, living near the water, and so on.

Mrs. D. J. Thomas handled the topic assigned her exceedingly well—"What Does Woman's Study of Civics Mean?" She spoke of the work it is possible for women to do in regard to rest rooms, assisting in needed work in our public schools, sanitary streets, and the purifying of the city water service.

Mrs. Colbert followed with an interesting paper on "How Can We Improve Maryville?" and spoke of the city of Rochester, N. Y., how it has become famously beautiful because its citizenship, led by the women, took for a motto, "Do It for Rochester." Mrs. Colbert made some good suggestions in

regard to doing things "for Maryville," that we will speak of later.

Mrs. M. J. Honnold led the discussion that followed these two papers, and gave out ten slips of paper on which were written questions for the one to which they were given to answer, and all required an answer that if carried out by our town would increase its beauty an hundred fold. The questions were:

What could you do on your own work?

What one thing is needed in your own block to beautify Maryville?

How can we improve the library grounds to make that public corner more attractive?

Will each lady in the Twentieth Century Club plant a bed of asters in a conspicuous place in her own yard next spring to help make our town beautiful?

In a general way, what would you think most necessary to improve the appearance of our town?

How would you suggest the preparation of wayside rests for weary pedestrians?

What would you have done with waste and flying papers on your streets?

Can we establish a public drinking fountain in our library yard during the next twelve months?

What is your idea of a street that is clean enough. How clean is enough—in summer particularly?

Can you suggest any way to control the bill boy nuisance?

Entertained at Cards.

Mrs. James A. Ford and daughter, Mrs. Joseph Jackson Jr. entertained Wednesday afternoon at cards. The prizes were won by Miss Mary Alice Herren and Miss Mabel Allen. Lunch was served after the games. Autumn leaves and cosmos were used in the decorations. The guests included Mrs. George Lorange, Mrs. John Herren, Miss Mary Alice Herren, Mrs. Virgil W. Keene, Mrs. W. R. Snidley, Mrs. Horace F. Lee, Mrs. Robert Craft, Mrs. S. R. Beach, Miss Lucie Newman, Miss Nannie Newman, Miss Katherine Newman, Mrs. Edward L. Townsend, Mrs. Ferdinand M. Townsend, Mrs. Donna Sisson and her guest, Miss Cora Snapp of Chicago; Miss Mabel Allen, Mrs. M. Nussbaum, Mrs. Ray Whitely, Mrs. W. A. Rickenbrode, Mrs. James F. Colby and Mrs. Ernest Alexander of Denver, Colo.

B. A. Club Gave Surprise.

Mrs. Gallatin Craig was pleasantly surprised Wednesday afternoon by the Birthday Anniversary Club which went in a body to her home and spent the afternoon with her, that day being the anniversary of her birth. The club is an organization composed of old schoolmates, but as its activities depend wholly on the family affairs of its members, the club cannot always celebrate the birthdays as they come, and as it had been a long time since the club had observed a birthday, Mrs. Craig was taken completely by surprise, which was all the more enjoyable to her friends. The afternoon was spent informally, nearly all having some sewing or embroidery work to do. Refreshments were served at the close of the afternoon. The club guests for the day were Mrs. G. B. Holmes and Mrs. W. A. Bynnis, and their visiting guest, Mrs. Allen Holmes of Kansas City, Kan.; Mrs. Fred J. Dunn of Boicow and Mrs. L. C. Heiber, mother of the hostess. The club members present were Mrs. O. L. Holmes, Mrs. J. R. Brink, Mrs. G. L. Whitley, Mrs. W. O. Swintford, Mrs. Lillie Shelton, Mrs. O. C. Hanna and Mrs. Craig, the hostess.

Carl Wray of Guilford was in town Thursday.

News of Society and Women's Clubs

The Twentieth Century Club meeting at the Elks Club Tuesday afternoon is regarded by the members as the best session the club has yet held. It was the general meeting of the club, which is to be held once a month, when the Shakespearean and Tourist divisions will take up the study of elvics the coming year. SHORTAGE ON COAL

CHICAGO PAPER ESTIMATES THE
SHORTAGE AT 20,000,000 TONS.

LAY IN SUPPLY NOW

This Is Advice Given, But Comes from
An Organ Published In Interest
of Coal Trade.

The following article is taken from The Black Diamond, a coal paper, published at Chicago of October 1 issue:

It now seems evident to every man engaged in the coal business that we are facing for this year an emergency or a crisis, as concerns coal supply. Just to what extent this is going to influence coal prices or to what extent it is going to cause suffering on the part of the people, opinions differ.

Our estimates have been that the net shortage of coal in the West amounts now to 20,000,000 tons, this being expressed to the absence of storage piles on the part of the railroads the manufacturing concerns, the retail dealers and the ultimate consumers. Others have made their estimates, some going as high as 25,000,000 tons and some dropping as low as 15,000,000 tons; all admitting a more or less serious net shortage.

As to the effect of such a shortage of coal we have two very definite examples.

In 1902, the year of the big anthracite strike, the anthracite mines of Eastern Pennsylvania produced 26,000,000 tons less coal than they produced the preceding year. The gross shortage, therefore, was thus made evident, the net shortage was far less, the deficiency, in time, being made up by increased production from other fields. The tempered gross shortage compares with an untempered net shortage at present as we figure it, of 20,000,000 tons.

As said before, we have now a net shortage of coal almost as great as the gross shortage caused by the anthracite strike of 1902. Furthermore, the railroads are in worse condition today than they were then. Also, prices now, on account of present distress for coal, are fully seventy-five cents higher than they were at this time in 1902. There is only one thing to tone down the market, and that is the fact that industrial conditions are not so active this year as they were the latter part of 1902 and the beginning of 1903. Whether the slower pace of business is going to ease off the market sufficiently to cause a moderation of the prices is a question yet to be determined.

The fact of the situation seems to be that the coal shortage has developed beyond control of the operator, the railroad or the retailer. If the consequences of the dilatory tactics of the last five or six months are to be avoided even in small degrees, it must rest entirely with the coal consumer.

But what is the position of the consumer himself. In the first place, the newspapers have not believed in the coming shortage, and, therefore, have said nothing about it. As a consequence the public does not know of even the existence of danger. The public, as a consequence, is not taking any precautionary steps. We get reports from all parts of the country saying that the average householder is delaying more this year than ever before the creation of his own storage piles.

Our suggestion is that, to avoid the consequences of the present situation, the retail dealer, the coal operator and the railroad company should join hands in an advertising campaign, which should be both persistent and insistent for the next two months at least. The burden and the purpose to plead with the people to take whatever coal they can now, and place it in storage against the coming shortage. Therein, as we see it, lies our only hope of safety.

To Preach at Arkoe.

The Rev. J. H. Thompson, pastor of the M. E. Church of the Barnard Circuit, will preach at Arkoe next Sunday morning at 11 o'clock and at Mt. Air in the afternoon at 3 o'clock.

Miss Thompson Operated On.

Miss Zaidie Thompson, daughter of Mr. and Mrs. B. R. Thompson, living six miles southeast of Maryville, was operated on at St. Francis Hospital Wednesday by Dr. O. B. Campbell of St. Joseph, and his assistant, Mrs. Emma Gering. The patient rallied nicely from the operation, and her physicians, the Doctors Dean, are well satisfied with her present condition.

BIG STEER ON TOP OF FENCE

(St. Joseph Gazette.)

The sight of a big steer on top of the fence at the stock yards yesterday attracted considerable attention from a crowd of spectators. The steer with a drove that was being taken from one part of the yards to another evidently did not relish the amount of crowding that was being done, and he dodged into one of the narrow areas along the alley fence that are fitted with steps for people to get to the top of the fences that have been fitted with wide planks for walks.

Going up the steps the steer took a stand on the top plank and deliberately proceeded to take a mental survey of the yards and the packing houses in the distance. Leisurely walking along the fence for a few rods the animal made a flying leap down into one of the pens and proceeded coolly to eating hay, not half as much excited as was the crowd that had been watching him.

Political Paragraphs.

Small states like Rhode Island and Connecticut will be perfectly welcome in the Democratic household, but we shall be compelled to place them two in bed in order to give plenty of room for lordly commonwealths like Penn- sylvania, New York and Ohio.

Missouri has lost considerable of her population of late. Most of them were disgusted at the election of Hadley, and made a quick move to Texas and Oklahoma where the coun- try is safe from such a calamity as the election of a Kansas Republican as chief executive.

A news item: "The St. Louis sub- treasury is to destroy \$100,000 a week." Well, if Boss Atkins had been kept in charge, with his cabinet of light fin- gered subs, the St. Louis subtreaury would destroy more than that at the expense of the taxpayers of the coun- try.

The destruction of Cannon would not destroy Cannonism any more than the death of Harriman destroyed his rail- road system. If Cannon should step out tomorrow, his place could be taken by lieutenants as able and as servile to Big Business as he—La Lorette's Magazine.

It looks like there are brighter days ahead. Radium has fallen in the mar- ket \$900,000 per ounce, and now an ounce can be purchased for \$2,100,000. Radium, along with ashes, bristles, catgut, turtles, diamonds and steam yachts have been placed on the "free list," by those big-hearted and gener- ous bosses, Messrs. Aldrich, Payne, Taft and Cannon. The people should all remember them, and we believe they will.

Leo O'Reilly of near Skidmore was a Maryville visitor Thursday.

TALKED TO THE
Y. M. C. A. ASS'N

The Y. M. and Y. W. C. A. Ass'n of the State Normal held their regular meet- ing Thursday morning at assembly hour. The Y. W. C. A. meeting was conducted by Miss Alice Ray and was an extremely interesting and bene- ficial session. The interest in this branch of work seems to be increas- ing, and the greater number of the girls of the institution are attending regularly. Each program that has been presented has been quite a suc- cess and the program committee has each time arranged a program varying from the regular order by which so many meetings of this sort are con- ducted.

At the Y. M. C. A. Thursday morning the boys heard with pleasure, Dean Coibert, who delivered an excellent ad- dress. He spoke of the age in which we live as one in which things are coming to light of how hard it is to conceal, for instance, a crime. How the people are demanding that things be done in the open, instead of pursu- ing underground methods. He spoke of this fact in connection with the po- litics of our nation and the men who are advocating more open ways of conducting the government.

He also spoke of the necessity of each man thinking for himself and be- ing well informed on all public ques- tions. Many other things of value to young men were brought out in this talk, which was very much enjoyed by the boys.

The New Nationalism.

(From the New York World.)
Here's the latest, greatest cure-all that you ever saw or smelt;

It is sold and manufactured by old Dr. Roosevelt.

It will turn the nation inside out, and also outside in.

And cleanse it of original and other kinds of sin.

It will utterly destroy each fundamen- tal institution.

And relieve the irritation of a useless constitution.

It will nullify the bill of rights, elimi- nate the courts.

And remove the worst excrement, from congress down to wars.

It contains one well-known remedy in Dr. Bryan's name.

On the discovery of which still rests Karl Marx's fame;

The same that Dr. Debs proscribed when sometimes candidate.

And one time peddled far and wide by "Bloody Bridges" Waite—

Those Socialistic shirps that are war- ranted to keep

In any kind of climate and to make the patient sleep.

And recommended by the "Pops" in their once "sacred cause"

To anesthetize the judges and to par- alyze the laws.

Then into these decoctions there is poured with iron hand

Some strong imperial essence of the Kaiser Wilhelm brand.

And next bromidian platitudes are dropped into the mass,

Which is highly carbonized then with conservation gas;

Meanwhile is added righteousness un- til it's very thick.

Then it's stirred with the Big Stick;

And when it's done he bottles it and furiously shakes it.

Then throws the patient on the floor and chokes him till he takes it.

WHAT THE TARIFF ON WOOL COSTS YOU.

This summer the wearers of men's ready-made clothing will pay throughout the United States an aggregate of \$120,000,000 more than ever before. Directly after schedule "K" of the Payne-Aldrich tariff bill was settled in August, the woolen manufacturers sent out to the manufacturers of clothing notice of a 30 per cent advance in prices of cloth. The manufactur- ers of clothing say they cannot af- ford to pay that advance. They pass it on to the consumer, who is compelled to. It has been dis- tributed through every city and village in the United States. By a marking up of prices, the \$10 suit has become \$12.50, the \$15 suit \$18 and the \$20 suit \$25. The man who has to have it will still find a \$10 suit. But most of it will be shoddy.

Good pictures at the Crystal tonight —10 cents.

The following table shows a number of common articles of con- sumption, the ad valorem tariff rate under which the new Repub- lican tariff law, the real value of the articles and the tariff additions on the basis of \$10 purchases:

Tariff rate.	Real value.	Tariff.
Sugar, 50.50 per cent.....	\$6.25	\$3.75
Glassware, 50 per cent.....	6.25	3.75
Window glass, 34 per cent.....	5.45	4.57
Soap, 46 per cent.....	6.84	3.16
Machinery, 45 per cent.....	6.89	3.11
Tinware, 45 per cent.....	6.89	3.11
Metal tools, 45 per cent.....	6.89	3.11
Stockings, 31.50 per cent.....	5.31	4.69
Shirts, 60 per cent.....	6.25	3.75
Blankets, 107 per cent.....	4.83	5.17
Flannels, 40c yd., 141 per cent.....	4.09	5.91

TARIFF-TAXERS—AND THE HOME.

Taxing the School Children.

(By Charles Johnson Post.)
Little Willie Jr. and Ethelinda start off to school—

On their blank books they paid a tariff of 25 per cent.

On their pencils they also paid 25 per cent tariff tax and in addi- tion one-third of a cent each as a specific duty.

The pride of little Willie Jr.'s heart is one of those combination pencil, eraser, penholder and stamp arrangements that he had saved out of his firecracker money. On this he paid 40 per cent tariff tax.

Ethelinda's pride was a little fountain pen for which she had foregone a new doll's cap. On this pen she paid 30 per cent tariff tax.

On the penholders they paid 25 per cent tariff tax.

The chamois skin penwiper was taxed 50 per cent.

The sponge rubber 40 per cent.

For the penknife each had they paid 40 per cent, and then in addi- tion 10 cents of tariff tax apiece on each knife.

On the little school boxes in which they kept the above in or- derly arrangement the tariff tax was 55 per cent.

Willie Jr. had a little school slate book for temporary memo- randa tariff-taxed 25 per cent.

Ethelinda has a school bag of fiber for her school books taxed by the tariff 45 per cent.

Willie Jr. used a simple strap that is protected by a tariff tax of 40 per cent.

The little girl has a bottle of ink for her fountain pen, taxed by the tariff 25 per cent.

Her brother has a pocket comb of cheap horn for use in the ten- sioned emergencies after recess, 50 per cent tariff-taxed.

He paid a tariff tax of 35 per cent on his marbles.

She paid a tariff tax of 35 per cent on her dollies.

Between them they have a cheap school umbrella, and mother has paid a tariff tax of 50 per cent on that.

If Willie Jr. has to wear glasses this fall father will get them, and he will pay a tariff tax of 50 per cent on them.

In getting ready for school that morning they washed with soap tariff-taxed 20 per cent, dried them- selves on towels tariff-taxed 45 per cent, polished their shoes with pol- ish tariff-taxed 25 per cent and brushed their teeth and hair with brushes tariff-taxed 40 per cent.

And when they do waste their little allowance once in a while with a riotous candy-feast, the tar- iff taxes them one-fourth of a cent an ounce and adds to that 15 per cent additional tax. This is on cheap candy; if it is a safer, purer and better product the tariff taxes the youngsters 30 per cent.—St. Louis Post-Dispatch, Sept. 27.

THE FREE LIST.

"They have given you a tariff law that places things you do not need on the free list, and the things you do need are burdened with heavy taxes. Under the Aldrich-Payne tariff bill there is a tax of 87 per cent on sugar for the benefit of the sugar trust, while acorns are free. Woolen blankets are taxed 165 per cent, while cot- ton rags are free. There is a tax of 105 per cent on women's dress goods, while crude bones are free. Carpets are under a 50 per cent tax, while old junk is free. There is a tariff of 50 per cent on um- brellas, while fishskins are free. On shawls there is 92 per cent taxes, while grass is free. Thread is subject to 105 per cent taxes, while leeches are free. There is a 65 per cent tax on men's gloves, while skeletons are free. Clothing has a tariff of 50 per cent, but we are given free birds' eggs. Wom- en's hats have 95 per cent tariff, but we have free ashes. Tariff on bricks is 35 per cent, while brim- stone, that none of us ever hope to see, is free."—Ex-Governor Polk. In keynote speech at the opening of the State Democratic campaign, Joplin, Sept. 28, 1910.

Miss Sarah McMaster, who is attend- ing the Conservatory, went to Hopkins, Thursday, to attend the horse show and visited home folks over Sunday.

George P. Shoptaugh of Elmo was in Maryville on business Thursday.

Good pictures at the Crystal tonight —10 cents.

When the tariff was taken off of quinine several years ago, it was predicted that the quinine manu- facturers in the United States would have to go out of business. Instead, more dealers embarked in the enterprise notwithstanding quin- ine dropped from \$1 to 40 cents per ounce. It was a tariff object lesson that should not be forgot- ten.

The tariff on hosiery is 83.75 per cent on the cheaper grades. The import book gave the unit value of 25,000,000 pairs at 8 cents. Adding the tariff tax it raised the cost of each pair more than 6 1/2 cents. This means that the wives and daughters of the American labor- ers will be required to pay a hosiery tariff tax of \$1,754,500 on these stockings.

Seat Sale OPENS TUESDAY

The Auctioneer.

Frank Marshall White in Harper's Weekly.)

A deaf man coming into the auction-room while a sale is in progress might believe that the auctioneer is an automaton, for he stares straight before him with seemingly unseeing eyes, his lips moving ceaselessly and rapidly and with a machine-like motion, which continues for many minutes at a time apparently without a pause for breath, while his cheeks are fluttering like the flanks of a spent horse. The auctioneer's profit is in a commission, and as his sales are more, it is to his interest to keep things moving at top speed. For the property he is selling is of too little value to make delay worth while on the chance of running up the price of any single article.

"Number 396—gold-filled case, Swiss movement" (the use of the nominative "watch" is superfluous), cries the attendant at the show case, passing the article toward the auctioneer. "Five dollars, four dollars, three dollars, two dollars! one dollar," is the form of that functionary's chant, beginning at a top price and running it down until it is accepted by a bidder, when it may be run up again. However, the auctioneer of unredeemed pledges is not so prodigal of time and vocal effort as to use the entire word "dollar," or to make two syllables of his numerals. Philology and articulation are sacrificed to celerity. Six and eight are the only two numbers he pronounces in full. He says ni for nine, sev for seven, fi for five, fo for four, tit for three, tee for two, and dee for dollar; and employs the old New York state shilling—12½ cents—in the verbal subdivision of the dollar, but to prevent the raising of bids less than 25 cents at a time. Thus a dollar and a quarter becomes dol-tee; a dollar and a half dol-fo; and a dollar and 75 cents dol-six. Likewise bids must advance at least 25 cents at a time since an advance of 12½ cents is out of the question, and impossible. Articles of very trifling value are occasionally bidden up in cents, to be sure, but the necessity does not often occur.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Maryville Citizen is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Maryville women know this. Read what one has to say about it. Miss Harriett McClurg, North Thompson street, Maryville, Mo., says: "I have used Doan's Kidney Pills and am in a position to recommend them. I was troubled by pains in my back, hips and loins, and at times I could hardly get about. I was also caused annoyance by too frequent passages of the kidney secretions. Doan's Kidney Pills, procured at Charles A. Love & Co.'s drug store relieved me at once, and my health is now of the best. I give the entire credit for the great change to this excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

James C. King was called to Corning, Iowa, Wednesday night by the critical illness of his mother, who has for many years been a resident of Adams county, Iowa. Miss King has been an invalid from rheumatism for ten years or more, and it is not expected that she can survive her present illness.

Chickens, cakes, pies and everything good to eat will be sold at the market to be held Saturday at Andrews & Hempstead's grocery by the Baptist ladies. 11-13-14

FILTHY STOMACH.

Food Fermenting in Stomach Causes a Rank Condition.

When you have indigestion your food sours; many times it actually rots and forms gases that poison the blood.

Take MI-O-NA stomach tablets if you want to change your bad stomach into a healthy, clean one. Ask Orear-Henry Drug Co.

MI-O-NA is the best prescription for upset stomach and indigestion ever written. No matter how miserable your stomach feels, MI-O-NA stomach tablets give immediate relief.

Take MI-O-NA stomach tablets, which are guaranteed to cure indigestion and rid yourself of dizziness, biliousness, nervous or sick headache, or money back.

Take MI-O-NA tablets if you want to make your stomach so strong that it will digest the heartiest meal without distress, and furnish good, clean, nutritious blood making elements to the body.

Take MI-O-NA tablets, one or two with or after each meal, if you want to get rid of that drowsy, tired out feeling.

Fifty cents is all at Orear-Henry Drug Co., or leading druggists everywhere ask for a large box of MI-O-NA tablets. You can get a free trial treatment by writing Booth's MI-O-NA Co., Buffalo, N. Y.

Mrs. M. Loch and daughter, Edith, of New Hampton, Mo., who has been visiting her sister, Mrs. O. M. Woodard, left for their home Thursday morning.

Miss Nellie Shockley of southwest of the city went to St. Joseph Wednesday evening.

James and Anthony Dunleavy left for their homes Wednesday evening, the former to Hornet, N. Y., and the latter to Creed, Colo. They came to Maryville about ten days ago to bury their mother, Mrs. James Dunleavy, who died in a hospital in Council Bluffs.

It is the weak nerves that are crying out for help. Then help them, don't drug the stomach or stimulate the heart or kidneys. That is wrong. Vitalize these weak inside nerves with Dr. Shoop's Restorative and see how fast good health will come to you again. Test it and see. Sold by Thomas J. Parle.

Mr. and Mrs. L. L. Smith and daughter went to St. Joseph Wednesday evening to make their home.

Mrs. W. R. Tilson went to St. Joseph Thursday to spend the day.

Good pictures at the Crystal tonight—10 cents.

Mrs. Zoe Mahan of Hopkins was in town Thursday on business.

Mrs. W. H. Pfeiffer went to Pickering Thursday to visit friends.

YOUR VIOLIN.

Your violin! Ah, me!
'Twas fashioned o'er the sea
In storied Italy—
What matters where?
It is its voice that sways
And thrills me as it plays
The tunes of other days—
The days that were.
Then let your magic bow
Glide lightly to and fro—
I close my eyes, and so
In vast content,
I kiss my hand to you.
And to the tune we knew
Of old, as well as to
Your instrument.
Poured out of some dim dream
Of hushing sounds that seem
Like ripples of a stream
Twanged lightly by
The slender, tender hands
Of weeping willow wands
That droop where gleaming sands
And pebbles lie.
A melody that swoons
In all the truant tunes
Long, lazy afternoons
Lure from the breeze,
When woodland boughs are stirred,
And moaning doves are heard,
And laughter afterward
Beneath the trees.
Through all the chorusing
I hear on leaves of Spring
The drip and patter of
Of April skies.
With echoes faint and sweet,
As baby angel feet
Might make along a street
Of Paradise
—James Whitcomb Riley.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No twenty or thirty minutes tedious boiling. Sample free. Andrews & Hempstead.

Marriage Licenses.

W. Harrison Rainey, Maryville
Nellie D. Shockley, Skidmore
Walter Sidney Waldruff, Clearmont
Pearl Chloe Chesnut, Clearmont
William J. Wilson, Maryville

Mr. and Mrs. S. T. Carter of Des Moines, Iowa, were in the city Thursday on their way to Creston, Iowa, to visit Mr. Carter's father, R. Carter.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Dr. Shoop's Restorative
THOMAS J. PARLE.
